Artwork & Artifacts

For some unknown reason and after 15 years, I had an epiphany and that 'ray of light' made me float - float that is with pieces of aged wood...

This concept opens up a whole world of 'big piece' possibilities, made up of several of these thin tablets, either telling a story (art pieces that match), spiritual (Angelic and Bible Passages together) or just art of ones choice - we can of course split one image over several pieces that fits together - it looks absolutely GREAT and the possibilities are ENDLESS - you think of it and we'll create...

All Hand Made in The City of Angels

all wood products except where mentioned

The 'floating' artifacts that you will see on the following pages are all 3 dimensional (the image tablets stick up from the back by 1/4"), these thin artwork tablets are 6" x 9" unless otherwise stated they are about 1/8" thick. The effect on the front of the large tablet behind the images is a leather effect we have created that looks extremely realistic.

We can create sizes to suit your needs - please enquire
